Online Learning Design for Educators

This specialization is for educators seeking to improve and expand their repertoire of online teaching skills related to the design, development and delivery of effective and engaging online courses for school age and adult learners. Each topic is introduced through a key theoretical concept and supported by relevant tools. You'll draw on the concept and use the tools to design and develop your own practical online teaching resources.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
